

## **I-80; Castle Rock to Wahsatch**

**Project Description:**            **Roadway reconstruction**

To prolong the life of the roadway and also to improve the ride for motorists, UDOT plans to repave I-80 in this area. Prior to laying the new asphalt, crews will crack and seat the existing concrete pavement.

**Total Project Budget:**            **Approx. \$20 million (current cost estimate)**

**Anticipated Schedule:**            **This project is scheduled to advertise for construction in fall 2006.**

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.

### **Project Contacts:**

- **Lisa Wilson, Project Manager**
